## 2023 Trade School or Technical College Scholarship Rules

Butler Rural Electric Cooperative's scholarships encourage the youth in our community to further their education. The cooperative awards the Touchstone Energy® Achievement Scholarship to a high school senior who is attending a technical college or trade school after graduation. Applicants must have a GPA of 2.5 or above and must plan to attend an accredited technical school program after graduation. Past recipients of this scholarship have completed programs to become diesel mechanics, for example. The top applicants will participate in interviews with judges and one student will receive a \$1,500 scholarship.

Scholarship applicants must be high school seniors, be the child or legal ward of a Butler Rural Electric Cooperative member, and live in a home receiving electric service from the cooperative.

The application deadline is February 1, 2023. Applications must be received at the cooperative's office by February 1, not postmarked by this date.
